

SALAWUDEEN NABILAT AJOKE

Junior Frontend Developer | React.js | JavaScript

nabilatajoke@gmail.com | 0906 535 7814 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Recent Software Engineering graduate and Junior Frontend Developer with three internship experiences building responsive, user-friendly web interfaces using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS. Experienced in translating design mockups into functional web pages, collaborating in Git-based development workflows, and building component-based interfaces. Seeking junior frontend, React.js, graduate software engineering, or remote web development opportunities.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks/Libraries: React.js, Tailwind CSS

Tools: Git, GitHub

Concepts: Responsive Web Design, REST APIs, React Hooks, Component-Based Architecture, DOM, UI/UX Principles

PROJECTS

Academic Plagiarism Detection System — Final-Year Research Project | React.js, Python (Flask)

- Developed a web-based academic plagiarism detection system, building the frontend interface in React.js and backend functionality in Python Flask.

PROFESSIONAL EXPERIENCE

Software Engineering Intern (SIWES) — Data Quotient Technology

2025 · 6 months

- Completed a six-month industrial attachment in a professional software development environment, contributing to frontend development tasks and assigned features.
- Worked within collaborative engineering workflows involving Git version control, code reviews, and task management.

Frontend Developer Intern — Tripledot Technology

2024 · 6 weeks

- Built and styled responsive UI components using HTML, CSS, and JavaScript, translating design mockups into functional cross-browser web pages.
- Collaborated with teammates to maintain UI consistency and improve interface quality across multiple pages.

Software Developer Intern — Madros Technology

2023 · 3 months

- Developed and maintained web pages as part of a small development team and gained hands-on experience using Git in a collaborative workflow.
- Contributed clean, standards-compliant frontend code and supported assigned development tasks.

EDUCATION

B.Sc. Software Engineering — Osun State University (UNIOSUN), Nigeria | 2022–2026

Relevant coursework: Data Structures, Software Design, Web Technologies, Databases, Human-Computer Interaction

CERTIFICATIONS & PROFESSIONAL MEMBERSHIP

Frontend Engineering — Data Quotient | Certificate of Completion, September 2025

Graduate Registration (GMCPN) — Computer Professionals (Registration Council of Nigeria) | September 2026–September 2028

Employability Skills Training — Jobberman Nigeria / Mastercard Foundation | Certificate of Attendance

CORE STRENGTHS

Problem Solving · Team Collaboration · Attention to Detail · Adaptability · Communication · Continuous Learning
